Insurance coverage and benefits verification

You are responsible to check on your policy before your first visit.

Many patients ask: ***“Will my insurance pay for Bariatric surgery?”***

This answer is an individual one that pertains to each individual insurance company and individual policy. Every company has an exclusion section that explains the treatments for which the company will or will not pay. **If your policy states that it excludes the surgical treatment of obesity; unfortunately, it will not pay for Bariatric surgery no matter what your personal health circumstance may be or even if your doctor states that it is “medically necessary.”**

Although our office verifies the patient’s benefits after your initial consult, it is still the responsibility of each patient to call their insurance companies to get a full explanation of their coverage and benefits prior to their first consult. This will also enable each patient to ask specific questions to the insurance company and have a better understanding of what your benefits, deductibles and out of pocket expenses will be.

How to Verify Your Insurance Benefits

- Call the number on the back of your insurance card listed beside customer service.
- Tell insurance company you want to verify coverage and benefits for Bariatric Surgery

Diagnosis Code E66.01 (Morbid Obesity)
 Procedure Codes 43644 (Gastric Bypass In-patient)

APPOINTMENT POLICIES

Welcome to our practice. We are proud to serve as your choice for surgical intervention.

1. Due to an increase of patients not showing up for their appointments **we will now charge a fee of \$50 for not notifying us at least 24 hours prior to your appointment.** This fee will need to be paid prior to any future visits.
2. For surgery patients that fail to show up or notify us of cancellation of their surgery or outpatient procedure there will be a **no show fee of \$500.00** and this will need to be paid before any future office or surgery appointments will be made.
3. If you schedule and do not show up for three (3) appointments without valid reason we will discharge you from our care.
4. If you are more than 15 minutes late for your appointment and have not called to notify us that you will be late you will need to be rescheduled if we are unable to work you back into the schedule. If we have a cancellation or another patient that does not show up we can try to work you back into the schedule but that will be at the discretion of the staff.
5. If you are a "work in" patient for an ASAP appointment and you do not show up or if you cancel you will be given the next available appointment which could be 1 to 2 months later.
6. If you require paperwork to be filled out for supplemental insurance, leave for work, or other issues it will take approximately 72 hours to complete as Dr. Selim is only in the office a limited number of days due to his surgery schedule. **There is a \$50 charge for all paperwork not including return to work excuses printed by this clinic.**
7. At the start of every new year you will be required to fill out update paperwork as it is state law that we must have updated signatures every new year.
8. If you need a refill, **please give at least 72-hour notice prior to running out of your medication.** If a nurse is not available leave a message with the receptionist for the doctor's approval and a nurse will call you back normally within 72 hours.
9. Please note that Dr. Selim is a surgeon and is not in the office every day, and this at times can cause a delay in the answering of patient messages. Please be patient and we will take care of you to the best of our ability.
10. Due to the various specialties offered by Dr Selim, your office wait time may exceed 2 hours. We thank you for your understanding, as all patients are afforded the necessary time to ensure the best plan of care is provided.

Thank you for allowing our office to participate in your care!

I acknowledge that I have read and understand the above and agree to follow these guidelines to allow for better patient care.

HEALTH DECLARATION FORM-COVID-19

Patient Name: DOB:

MRN: Today's Date:

Coronavirus COVID19 is declared a global pandemic by the World Health Organization and has spread across multiple continents infecting tens of thousands across the globe. The Centers for Disease Control and Prevention (CDC) has made recommendations to physicians and the general public for all patients seeking healthcare to follow recommended protocol.

Patients with a COVID19 infection may look like the cold and flu symptoms, or they may be infectious without any presenting symptoms. Following the CDC patient assessment protocol for early disease detection for patients presenting to the practice, the following criteria is essential for the safety of the patients and healthcare staff.

I attest that I am fully aware of the COVID19 that has impacted the countries healthcare environment and I have made an informed decision to seek healthcare from Dr. Niazy Selim, and I am aware of the risk involved in seeking care in a healthcare setting. I have answered the healthcare questions as thoroughly and honestly as possible. I understand the risk and ramifications of not answering the questions completely honestly including not only putting myself at risk but placing the provider and healthcare staff at risk.

I DO NOT HAVE ANY OF THE FOLLOWING SYMPTOMS:

Upper respiratory infection, cough, cold, flu like symptoms, elevated (fever), difficulty breathing

I, hereby certify, represent and warrant as follows: Within the twenty one (21) days immediately preceding the Date of this Health Declaration Form ("Declaration"),

I HAVE NOT:

- a. tested positive or presumptively positive with the Coronavirus or been identified as a potential carrier of the COVID-19 virus or similar communicable illness ("Coronavirus");
- b. Travelled outside the country in the last 21 days or regions affected by the virus
- c. Experienced any symptoms commonly associated with the Coronavirus;
- d. Been in any location positively designated as hazardous and/or potentially infected with the Coronavirus by a recognized health or regulatory authority, such as a country for which the Center for Disease Control and Prevention ("CDC") issued a Level 3 Travel Advisory for Coronavirus;
- e. Been in direct contact with or the immediate vicinity of any person I knew and/or now know to be carrying the Coronavirus or has been identified as a potential carrier of the Coronavirus.

I CAN account for all locations visited over the previous twenty one (21) days and shall provide an exhaustive list of all locations visited and modes of transportation used below (please attach an Additional page as needed):

I AGREE to notify Louisiana Surgeons of Excellence, LLC (by email to naima@lasoemd.com or kat@lasoemd.com or phone: (337) 502-8706 of any change in status, including diagnosis with Coronavirus and/or quarantine, within thirty days either before or following an appointment.

I WILL, if asked, wear a mask (of the specifications recommended by the office personnel) at all times while a patient of Dr. Niazy Selim, and will take all reasonable prophylactic steps that may be recommended by Louisiana Surgeons of Excellence, any relevant public authority.

I WILL consent to having my temperature taken by any representative or staff of Louisiana Surgeons of Excellence prior, during, and after an office visit, and will provide any follow up information reasonably requested by Dr. Selim's office.

I ACKNOWLEDGE and ACCEPT that this Declaration will be considered as my consent to Louisiana Surgeons of Excellence to disclose, share, record and store this Declaration with any relevant authority or service provider for the purposes of ensuring the safety and security of any and all third parties that may come in contact with me prior, during, and after my office visit.

I AGREE to provide a written consent explaining that I understand the potential risks of being seen in the office setting. I understand patient will be triaged over the phone or via telemedicine and managed according to CDC recommendations.

I AGREE there will be a triage station outside the office before staff determine which patient can be managed safely in the office.

POTENTIAL RISKS:

- a. There might be any foreseeable risks of getting infected by the virus even if the staff and physician take all precautionary measure to clean and disinfect after each patient by following guidelines of the infection control protocol plan in place.
- b. There might be greater risks if you are immunocompromised so let the staff know about your health ahead of times if you have any specific condition.
- c. If you believe you are pregnant ensure to let the staff know
- d. elderly, those with medical co-morbidities, and potentially other persons who are at higher risk for complications from respiratory diseases, such as pregnant women.

In signing below, I, an individual over the age of 18 of sound mind, knowingly, voluntarily, and freely agree to the terms of this binding Declaration, and in doing so represent the truthfulness and veracity of the above answers.

I have read, or had read to me, the contents of this form and have no further questions. I wish to proceed with visit/care provided by Dr. Niazy Selim and Louisiana Surgeons of Excellence, LLC.

BARIATRIC SURGERY POLICY

I agree to comply with all bariatric guidelines provided to me from the office of Dr. Niazy Selim. I also agree to obtain a list of requirements needed from my insurance provider in order to be considered for bariatric surgery. I further concede to provide this information to Dr. Niazy Selim's office in a timely manner. I recognize as a bariatric surgery candidate; it is my responsibility to provide all necessary documents required by my insurance provider to Dr. Niazy Selim's office for submission to my insurance provider. **All required pre-operative testing and consultations must be ordered by my primary care physician or my referring physician** (ie: pulmonary function test, sleep study, HbA1c, etc.) I understand my insurance carrier may deem it necessary to have monthly visits with a physician for supervised weight loss, if so; it is my responsibility to make and keep these appointments. Should any appointment be missed, the previous bariatric visits will be negated which will result in the need to restart my bariatric journey.

Tobacco and Nicotine Use:

Bariatric surgery is a lifestyle change. As a bariatric candidate it is imperative that you participate in the success of your weight loss, including prevention and/or early recognition of complications.

I agree to make the necessary commitments, in order to obtain authorization for bariatric surgery. This includes but is not limited to refraining from the use of tobacco/nicotine products including e-cigarettes. I understand the use of tobacco/nicotine negatively effects wound healing. Nicotine, which is found in tobacco, lowers the number of special blood cell components which are needed to help make new tissue along the incision site. Further, nicotine causes the constriction of blood vessels, decreasing the amount of blood flow to injured tissue, delaying the healing process. This increases the risk of ulcers. I have been counseled by Dr. Niazy Selim and his staff on the use of tobacco/nicotine products and have agreed to comply with the TOBACCO/NICOTINE policy.

I understand if tobacco/nicotine is found during my pre-operative bariatric labs Dr. Niazy Selim reserves the right to cancel my bariatric surgical procedure.
